		24	5985	5985	8379	2235

Or purchase any Feature / several Features separately:

all prices are in USD

Feature	Subscription* duration, months	WPF	WinForms	WinForms + WPF	Source code
XY	12	1290	1290	1806	-
3D	12	1290	1290	1806	-
Polar	12	590	590	826	-
Smith	12	590	590	826	-
Maps	12	590	590	826	-
SignalTools	12	390	390	546	-
Volume Rendering	12	1990	1990	2786	-

***Subscription** duration indicates the time, during which you will receive unlimited technical support and updates. Subscription expiration ends these services. You can extend them by purchasing a subscription renewal.

OTHER TERMS

1) Renewals:

- Renewal for **12 months** = **65%** of the **12-month** subscription price of this product.
- Renewal for **24 months** = **100%** of the **12-month** subscription price of this product.

2) Team Discounts: We offer progressive discounts for teams of 4 and more developers. Please contact sales@arction.com for more information.

3) Source Code: In case of purchasing a Source Code, it is to be obtained for each purchased license.

4) Upgrades: Adding a new Feature to a subscription costs the price of this Feature as presented in the table above.

5) Floating license: Can be installed and used by several developers on multiple machines. One developer can use a floating license at a time. This license costs 2.5 x equivalent single developer license price. Floating license needs internet connection to Arction licensing server.**

** contact sales@arction.com to check the availability of a customer-side floating license service.

If you have any questions about custom licensing terms, e.g. for non-commercial license uses, please contact sales@arction.com
