Choose **LightningChart JS License** based on the size of your team (1,5 or 10 developers) and the period of subscription (1 or 2 years), during which you will receive product updates:

Team size	Subscription* duration	Support Tickets Included	Price
1 Developer	1 year	2	$ 790
	2 years	4	$ 1,290
5 Developers	1 year	5	$ 2,990
	2 years	10	$ 4,890
10 Developers	1 year	10	$ 5,980
	2 years	20	$ 9,850

***Subscription** duration indicates the time, during which you will receive updates. Subscription expiration ends this service. You can extend it by purchasing a subscription renewal.*

You can also purchase **additional domain and support tickets** separately:

Product	Quantity	Price
Additional Domain	1 domain	$ 500
Additional Support Tickets	5 tickets	$ 500

Additional Terms

1. **Renewals:**
   Renewal for **12 months** = **65%** of the **12-month** subscription price of this product.
   Renewal for **24 months** = **100%** of the **12-month** subscription price of this product.
   You are eligible to renew your subscription at a reduced rate before 3 months period has elapsed from expiry date of old subscription. Renewal extends the subscription from the expiry date of old subscription.

2. **Application developer / Enterprise licenses:** if you develop applications for your customers and plan to include LightningChart JS in your re-distributable applications (including mobile apps), or if you need a special license for enterprises, contact us to get a custom offer.

3. **Source Code:** available only with Enterprise licenses.

4. **Community License:** free of charge for studying, personal use, non-commercial public websites.

5. **LightningChart JS Web Developer** licenses include 1 Deployment Domain.
   5 and 10 developer packs also contain 1 Deployment Domain.

Please contact sales@arction.com if you have any questions or need custom license solutions.
